EUROPCAR UK EXPANDS MODEL GUARANTEED SERVICE

Audi A1, Nissan X-Trail and other models added to airport fleets

www.europcar.co.uk

Europcar UK, a subsidiary of Europcar Group, the European leader in vehicle rental services and a major player in mobility markets, is giving car hire customers more certainty that they will get exactly the make and model booked. Most rental companies offer a model 'or similar' for customer reservations. But for travellers who want to be absolutely certain they will get the exact model they want, Europcar's 'Model Guaranteed' service is ideal.

Available from many of the UK's busiest airports, the addition of several new models including the Audi A1, VW Tiguan and the Nissan X-Trail to Europcar's 'Model Guaranteed' service, will make the journey even easier for leisure drivers and business travellers alike. The new vehicles will be available alongside the existing VW Golf and Mercedes A Class, with further models to be added throughout the year.

"The addition of several new models to our 'Model Guaranteed' service will give peace of mind to travellers who want the certainty of the model they book", explained Gary Smith, Managing Director, Europcar UK Group. "Some people want to book a model with which they are already familiar for a stress-free drive; others want to know that their hire car will give them the capacity – for people and luggage – that they need. With at least 24 hours' notice, Europcar customers can book the specific make and model of car they want, knowing that's what they'll get and that it will fit their requirements for a stress-free trip."

Europcar UK's Model Guaranteed service now includes the following cars:

- **VW Golf Manual –** Heathrow, Gatwick, Edinburgh, Glasgow, Bristol, Luton, Manchester, Stansted, Liverpool, Aberdeen, Inverness, Birmingham, Belfast City & International, Southampton and Newcastle airports
- **VW Golf Automatic -** Heathrow, Gatwick, Edinburgh, Glasgow, Bristol, Luton, Manchester and Stansted airports
- **Mercedes A Class -** Heathrow, Gatwick, Edinburgh, Glasgow, Bristol, Luton, Manchester and Stansted airports
