WATFORD MP VISITS NEW EUROPCAR UK SUPPORT CENTRE

Richard Harrington MP learns about Europcar UK's plans to extend sustainable mobility solutions in Watford and across the UK

Europcar UK, a subsidiary of Europcar Group, the European leader in vehicle rental services and a major player in mobility markets, hosted its local MP, Richard Harrington at the company's new UK Support Centre in Watford on Friday 24th February.

Richard Harrington met with Gary Smith, Managing Director, Europcar UK Group to find out more about the company's ambitious plans. Making all forms of vehicle rental – from hybrid and electric vehicles and even hydrogen available from its market leading UK network. Europcar is aiming to create sustainable mobility solutions that will enhance the UK economy. And underpinning this goal it is extending the range of vehicle use models, from ride hailing and chauffeur drive to hourly hire, daily and long term rental. During the visit, Mr Harrington also met with a number of his local constituents that work at Europcar UK Support Centre and discussed Europcar UK participating in the Watford Jobs Fair on 30 June which was founded by Mr Harrington.

"Europcar UK has a vision for connected transport across the UK" explained Gary Smith. "And we were excited to be able to tell Richard Harrington, as our local MP, about these sustainable mobility plans. With a continued focus on the development of a zero emissions fleet, we are aiming to help our local Watford customers reduce their carbon footprint and improve air quality whilst giving them access to the right vehicle, at the right time, in the right place. Europcar UK is also pleased to support the Watford Jobs Fair and will be hoping to recruit there this summer."

Richard Harrington MP said, "I'm delighted that Europcar UK have relocated their Support Centre to Watford, and that they will be attending my local Jobs Fair in June. It confirms what I've always believed-that Watford is a hub for European Business! During my visit, I had the pleasure of meeting some great staff and finding out more about their upcoming sustainable mobility plans. Improving air quality is central the Government's plans for the industry and so it was really positive to hear about everything that's being done at Europcar UK."

END

About Europcar

Europcar Groupe shares (EUCAR) are listed on the Euronext Paris stock exchange. Europe's leading vehicle rental service for more than 65 years, Europcar is also a major player in mobility markets. Active in more than 140 countries, Europcar serves customers through an extensive vehicle rental network comprised of its wholly- owned subsidiaries as well as sites operated by franchisees and partners. In addition to the Europcar® brand, the company offers low-cost vehicle rentals under the InterRent® brand. A commitment to customer satisfaction drives the company and its 6,000 people forward and provides the impetus for continuous development of new services. The Europcar Lab was created to respond to tomorrow's mobility challenges through innovation and strategic investments, such as Ubeeqo and E-Car Club.
