## **EUROPCAR VANS & TRUCKS SHOWCASES FLEXIBLE FLEET SOLUTIONS FOR THE CONSTRUCTION SECTOR**

**UK CONSTRUCTION WEEK, NEC BIRMINGHAM – 5-7 OCTOBER**

Europcar Vans & Trucks, the commercial vehicle division of Europcar Mobility Group UK, is giving the construction sector insight into flexible fleet solutions at UK Construction Week.

As the construction industry moves forward following the disruption caused by the pandemic, one of the major issues for many companies is effectively managing fleet utilisation. The challenge is ensuring they have a 'fit for purpose' fleet of commercial vehicles which meets their rapidly changing business requirements across different sites and projects, whilst avoiding lengthy financial commitments. Flexibility is key.

Europcar Vans & Trucks will be showcasing long-term vehicle hire as a cost-effective and flexible alternative to contract leasing or outright ownership. Visitors will be able to discover first-hand the wide range of vehicles the commercial vehicle specialist can provide, including a single cab tipper which will feature on the stand.

They will also be able to learn how Europcar's long-term rental vehicles can be fitted with all the latest on-board equipment to ensure a safe and efficient drive. The Geotab telematics system and SureCam on-board camera helps enhance driver performance, reduce the fuel load and increase safety. By discouraging excessive acceleration and braking, and reducing idling times, Geotab's telematics solutions are helping to support businesses in meeting their wider sustainability agenda, whilst also reducing accidents, vehicle damage and unplanned maintenance.

"Without lengthy financial commitments, as well as the ability to select the latest Euro VI compliant vehicles, long-term rental is an ideal and sustainable solution for construction firms", explained Clive Forsythe Commercial Director at Europcar Mobility Group UK.

"As an experienced and reliable partner for the construction industry, we are able to offer a comprehensive range of cost-effective and flexible commercial vehicle solutions, which can be kitted out with equipment such as towbars, beacons, racking and shelving to suit individual needs. The option to add telematics and dash cam technology also gives businesses that extra layer of insight to improve driver safety and wellbeing, as well as ensuring optimal use of their fleet."

Europcar Vans & Trucks offers nationwide coverage with more than 65 UK branches providing LCV services, including a network of well-equipped Supersites. Flexible rental

durations are available on a wide range of vans and specialist vehicles including tippers, drop-sides, traffic management, 4x4 pick-ups and a Chapter 8 compliant options - all of which can be delivered direct to the driver.

### **About Europcar Mobility Group**

Europcar Mobility Group is a major player in mobility markets and listed on Euronext Paris. Europcar Mobility Group's purpose is to offer attractive alternatives to vehicle ownership, in a responsible and sustainable manner. With this in mind, the Group offers a wide range of car and van rental services – be it for a few hours, a few days, a week, a month or more – with a fleet that is already "CO2 light" and equipped with the latest engines, and which will be increasingly "green" in the years to come (more than 1/3 electric and hybrid vehicles by 2023).

Customers' satisfaction is at the heart of the Group's ambition and that of its employees. It also fuels the ongoing development of new offerings in the Group's three service lines - Professional, Leisure and Proximity - which respond to the specific needs and use cases of both businesses and individuals. The Group's 4 major brands are: Europcar® - the European leader of car rental and light commercial vehicle rental, Goldcar® - the low-cost car-rental Leader in Europe, InterRent® – 'mid-tier' car rental and Ubeeqo® – one of the European leaders of round-trip car-sharing (BtoB, BtoC).

Europcar Mobility Group delivers its mobility solutions worldwide through an extensive network in over 140 countries (including wholly owned subsidiaries – 18 in Europe, 1 in the USA, 2 in Australia and New Zealand – completed by franchises and partners).
