

Europcar offers you 3 ways to manage the refuelling of your vehicle at return.

## 1 Full Tank Option

- Pre-purchase a full tank of fuel at pick up and return the vehicle back at any level.
- Convenient and no charges to pay when returning the vehicle.
- If the vehicle is returned full then the Full Tank Option will be refunded.

## 2 Travelling 60 miles or less during your rental period:

- If you return the vehicle full (fuel gauge shows full) with proof of refuelling (fuel receipt<sup>(1)</sup>) no refuelling charges will be applied.
- If you do not have proof of refuelling or the vehicle is not full (fuel gauge does not show full) you will be charged<sup>(2)</sup> based on the number of miles you have driven<sup>(3)</sup>.

## 3 Travelling more than 60 miles during your rental period:

- If you return the vehicle full (fuel gauge shows full) no refuelling charges will be applied.
- If the vehicle is not full (fuel gauge does not show full) you will be charged<sup>(2)</sup> based on the closest missing 8th on the fuel gauge.
- If more than 7 litres are calculated to be needed to refill the vehicle then an additional fixed surcharge of £18 will be charged.

<sup>(1)</sup> The receipt should be from a petrol station within 15 miles of the return location and dated within the last 24 hours.

<sup>(2)</sup> As per published rates detailed in the Tariff Guide attached to our terms and conditions of hire (T&Cs).

<sup>(3)</sup> Using the manufacturer's recommended average fuel consumption (miles per gallon) for your particular rental vehicle.
